

Trainees Health Screening Requirements

The following are the **CHLA Health Screening/Clearance Requirements** from Employee Health Services (EHS):

- Every interim employee, student, intern, resident, fellow, volunteer, or person coming to observe a procedure, must be cleared by Employee Health Services (EHS) prior to starting their employment, training, rotation, or observation period at CHLA. The following documents must be provided to the EHS nurse at the time clearance is being requested:

Written documentation of:

1) Measles, Mumps, and Rubella (MMR)

- a. Two (2) MMR vaccinations at any age born after 1956
- b. Or serologic (antibody titers) evidence of immunity to MMR

2) Varicella (Chickenpox)

- a. Two (2) Varicella vaccination
- b. Or serologic (antibody titer) evidence of immunity to Varicella
- c. Or written statement of diagnosis of having Chickenpox (Varicella)

3) Tuberculous (TB)

- a. Tuberculin (TB) test (Mantoux) within 12 months prior to start date at CHLA
- b. Or IGRA blood test (QuantifERON Gold or T-Spot) within 12 months prior to start date at CHLA
- c. Or, if skin-test positive, a written report of chest x-ray results taken within 12 months prior to start date at CHLA

4) Tdap (Tetanus, Diphtheria, and Pertussis)

- a. One (1) Tdap vaccination within 10 years
- b. Or one (1) Td (Tetanus and Diphtheria) vaccination within 10 years if providing proof of a previous Tdap vaccination

5) Influenza (Flu Shot)

- a. One (1) flu vaccination (Only During Flu Season)

6) COVID19 Vaccine

- a. Full series of a FDA approved COVID-19 vaccine

Parking cards and ID badges will be issued only with prior clearance from Employee Health Services (EHS) and Human Resources (HR). Otherwise, the Trainee will not be authorized to begin training at CHLA and is not permitted to be on campus.
